Living and Active—*The perfection and power of the Word of God*

In 1526 William Tyndale, in exile from England in Worms, completed the printing of his English New Testament. This was the first complete translation into English from the original Greek—a landmark achievement, and all the more remarkable for being made while on the run and in constant danger from the Church authorities.

500 years later, in commemoration of Tyndale's work to make the Word of God readable and accessible, the Carey Conference will explore the Bible's reliability, historical influence, and power to change lives and societies today. Scripture remains 'living and active'.

Our main speaker will be **Dr Peter J. Williams**, the Principal and CEO of Tyndale House, Cambridge. Peter was educated at the University of Cambridge, where he received his MA, MPhil, and PhD in the study of ancient languages related to the Bible. He is a member of the Translation Oversight Committee of the English Standard Version. His books include *Can We Trust the Gospels?* (Crossway, 2018) and *The Surprising Genius of Jesus: What the Gospels Reveal about the Greatest Teacher* (Crossway, 2023). Peter will bring three sessions on the reliability of the Old Testament.

Elly Achok Olare is a pastor in Kenya. He preached and taught the prosperity gospel for 17 years before God opened his eyes to sound biblical doctrine. He regularly holds Reformed conferences in Kenya and founded the Wisdom Training Centre there to teach biblical truth and counter the errors of the prosperity gospel.

Linda Allcock works at The Globe Church, London and teaches theology in several networks and seminary courses. She has 25 years of ministry experience, a master's in theology, and is the author of *Deeper Still: Finding Clear Minds and Full Hearts through Biblical Meditation*, and *Head, Heart, Hands* Bible notes.

James Mildred is Director of Communications and Church Engagement for CARE, and an Elder at Trinity Road Chapel in Wandsworth. James has previously served as an intern at Grace Church, Yate and worked in Scottish politics. James' two sessions will explore our responses to the challenge of abortion and assisted suicide.

Stéphane Simonnin is pastor of Ealing Road Baptist Church in Brentford and lecturer in New Testament Greek and Church History at London Seminary. He has worked as a solicitor in London, and served in Baptist churches in Italy. Stéphane will open the conference with his paper on Tyndale and his English New Testament.
